

**INSTRUCTIONS FOR COMPLETING
CONSTRUCTION INDUSTRY APPLICATION FOR EXEMPTION
(Notice of Election to be Exempt - LES Form BCM-250-T)**

Who is Eligible for Exemption

The following classes of construction industry business owners are eligible for exemption from the provisions of Chapter 440, Florida Statutes (Florida's Workers' Compensation Law). If you apply for and receive an exemption, it means that you choose to NOT be eligible for workers' compensation benefits if you are hurt on the job. Note the limit on the number of partners and corporate officers from a single construction industry business that can be exempt at any one time:

Sole Proprietors - Limit of 1
Partners - Limit of 3
Corporate Officers - Limit of 3

You must choose only one option and check only one box on your application to indicate which of the above three classes apply to you. If your business owner class changes after your exemption has been issued, your exemption will become invalid and you will have to apply for a new one. Non-construction industry sole proprietors and partners are AUTOMATICALLY EXEMPT by law, from the provisions of Chapter 440, Florida Statutes (Florida's Workers' Compensation Law). Officers of non-construction industry corporations are ELIGIBLE for exemption from the provisions of Chapter 440, Florida Statutes but must affirmatively apply for such an exemption by filing with the Division of Workers' Compensation a Notice of Election to be Exempt (LES Form BCM-250T). An exemption applies ONLY to the applicant and not to any employees of the applicant. It applies ONLY to applicant FOR THE BUSINESS ENTITY listed on the application. You must submit a separate application for each business from which you wish to claim an exemption to workers' compensation benefits

Application Fees

Every application must be accompanied by the appropriate fee. Failure to tender the appropriate fee with your application will mean that your application WILL NOT BE PROCESSED. Payment must be made by CASHIER'S CHECK OR MONEY ORDER made payable to the W.C. ADMINISTRATION TRUST FUND. The fees are:

\$50.00 NON-REFUNDABLE PROCESSING FEE FOR EACH INITIAL OR RENEWAL APPLICATION

Effective Date and Expiration Date

Applications for an exemption by a business owner in a construction industry (Notice of Election to be Exempt, LES Form BCM - 250-T) will be processed within thirty days after the date the application is mailed to the Division as evidenced by the postmark on the envelope in which the application is mailed. In the event that a postmark is not present or not legible, or an application is delivered to the Division by other than U.S. Mail, the application will be processed within thirty days from the date it is received by the Division. Once an application is processed, if an exemption is issued, it will be effective as of the date following the day the application is mailed or received. Every exemption will be marked with an effective date, and will expire two years from that effective date, unless voluntarily revoked by the exemption holder or involuntarily revoked by the Department of Labor, Division of Workers' Compensation.

Your exemption will be valid for two years from the date it is issued. It will automatically expire at the end of that two year period, and you will have to reapply for another exemption. However, your exemption may be revoked by the Division at any time if it is determined that your application or any attachment to it was insufficient, incorrect, or fraudulent. You may voluntarily revoke your own exemption at any time by filing with the Division LES Form BCM-250-R, Revocation of Exemption.

Federal Employer Identification Number (FEIN)

A Federal employer identification number is required of all partners (provide your partnership's FEIN) and corporate officers (provide your corporation's FEIN), and sole proprietors with employees (provide the proprietorship's FEIN). To acquire a federal employer identification number, contact the Internal Revenue Service.
